

# The VISION

"Where there is no vision, the people perish ..." Proverbs 29:18

The Monthly Newsletter of Mission To Haiti

September 2012/Number 393

## The Beauty Of Sponsorship

Through sponsorship we are *Transforming Haiti One Child at a Time*. Through sponsorship you can change the life of a child forever.

It is important that children receive a Christ-centered education. We are working with 12 churches, all with Christian schools. More than 4,000 children attend these schools. Many of them need sponsors so that they can continue attending school.

Not only does sponsorship offer a Christian education, it provides meals at school.

Countless children in Haiti suffer from illnesses related to malnutrition. It weakens their ability to learn, and it diminishes their quality of life. Because children receive meals at school, their health dramatically improves.

Sponsorship opens the door for us to reach the family for Christ. Children attend school, families begin attending church, and lives are transformed. We encourage you to become a part of this dynamic ministry.

## Health And Dental Care Now A Possibility

The new medical clinic at the Cazeau Campus will open soon to provide health and dental care for sponsored children. There is a way you can help. Beginning in October, we will ask our sponsors to give an additional \$5 per month. This will be put into a special fund so that your child can visit the clinic whenever needed. Your child will come to the clinic with a voucher provided by the school leader. The cost of the visit and the medicines will be provided by this fund.

You may participate by adding \$5 to your present sponsorship payment. Sponsorship will now be

**\$35 per Month**  
**\$105 per Quarter**  
**\$420 per Year**

You may also help by giving a donation to the Medical Fund. This fund will help children with hospital stays, surgeries and special needs. Thank you.

*Please make Mission To Haiti a part of your regular missions giving*

# Partnership In Missions

## Transforming Haiti One Child At A Time

When we first met Monica, she was a pitiful sight. She was wearing a tattered purple dress, and her hair was bright orange. This indicates that she was suffering from severe malnutrition. We saw her as we were leaving the Joineau school. She stood near by, hoping that someone would help her. We took this picture so we could find her a sponsor.

When we returned several weeks later, she was wearing the same little purple dress. Her condition was the same. Malnutrition like this makes children vulnerable to all kinds of ailments. This year, it is estimated that 80,000 children will die in Haiti because of diseases from malnutrition.

Thank the Lord, we found a sponsor who took a special interest in Monica. Her sponsor helped her with school, and she helped her with food for the home. The transformation in Monica's life is incredible. Today, Monica is happy and healthy. The upper right-hand picture was taken recently of her holding a gift from her sponsor.

You can transform a child's life through sponsorship. You can find a child ready to sponsor on our website at [missiontohaiti.org](http://missiontohaiti.org)

## Providing Food For A Family

Mission To Haiti has now given out more than 700,000 lbs of beans and rice to poor families. Sponsors provide gifts of food for their sponsored children and family. The most pressing need right now is for those families affected by Tropical Storm Isaac.

You can provide food for a family for \$20. You can make a contribution through our website. Thank you for your gracious support.

## Isaac Hits Haiti

On Friday, August 24, Tropical Storm Isaac hit Haiti. It touched land in the middle of the night. The eye of the storm passed over Ti Goave, but the effects were felt much further. In Port au Prince, we experienced strong winds, heavy rain and much flooding.

Pastor Brucely reported that a number of families in his area lost their modest homes. He said the greatest need is for food and tarps. By Saturday, we began buying supplies and distributed them. Your donation for storm victims will be greatly appreciated.
