

The VISION

"Where there is no vision, the people perish ..." Proverbs 29:18

The Monthly Newsletter of Mission To Haiti

December 2012/Number 396

We Need Your Help To Begin The New Year

We want to thank you for the wonderful way you have supported Mission To Haiti this year. Your gifts have touched the lives of hundreds of children and families. As we begin the new year, we need your help to balance all accounts. A special offering will help greatly. We are excited about the future, and the door to ministry is open.

Sponsors, we want to thank you for completing your sponsorship for 2012. If you need information about your account, please send us

an email or call us, and we will give you an accounting of your sponsorship payments. *Together we are changing Haiti one child at a time.*

A yellow bag of food (left) and a Gospel tract provides nourishment for the body as well as the soul. Rice and beans in a waterproof bag will provide food for a family for a week. A Gospel tract offers spiritual food for a lifetime. You can provide a 20 lb. bag of food for \$20. You can give for food on our website at www.missiontohaiti.org

How do you describe a sponsored child? Happy and healthy. The best way to help the people of Haiti is to sponsor a deserving boy or girl. On our website, we have children who are waiting for a sponsor. On a regular basis, we receive information on children who need help. For \$35 a month, you can provide an education, meals at school, and medical check-ups, making children happy and healthy.

We wish you a Merry Christmas and a Happy New Year

Partnership In Missions

Dental Team In Action

A team of Dental Specialists spent a week in Haiti providing care for school children. Chad Brown from Sheldon, Iowa led the team. The team came to apply sealant to the teeth of children to protect them against cavities. They were able to see about 400 children. Most children never visit a dentist.

The boys and girls were brought to the new medical clinic by bus. The clinic is located on our mission campus at Cazeau, and it is ideal for visiting medical and dental teams. Our goal is to complete the new clinic in 2013. Most of the work has been done, but a few important items need to be completed. Two main projects are water and cooling. Many of you have contributed to the building of the new clinic. Thank you for helping make this new clinic a reality. We also want to thank the team for the great work they did. It was a blessing.

Mission Teams for 2013

The mission team dates have been set for 2013. They will be:

February 16 - 23
April 13 - 20
June 1 - 8
July 13 - 20
October 12 - 19

As you can see by the dates, the teams will be Saturday to Saturday. We hope this will make it easier for team members to get time off so they can come to Haiti.

We already have specific projects planned. The kinds of team members we need are:

Medical Professionals
Construction
Maintenance
Bible School
Food Distribution
Clothing Distribution
Helpers

Thank you for your gifts to this ministry.
