August 2013/Number 404

## New Kitchen For Galette Chambon

The new kitchen will be a great help in preparing meals for the school children. Our special thanks goes to the team for raising the funds and coming to Haiti to make this project possible.

Pictured below, the June Team prepares food for distribution. The group was able to give over 5,000 pounds of beans and rice to families in desperate need of help. Many families do not have the resources to eat good meals on a consistent basis. That is why these

*Continued on page 2*

The June Mission Team built a new kitchen for the school at Galette Chambon. Even though the weather was hot, it did not deter the team. They completed the walls and the roof by the end of the week.

The team worked with a Haitian engineer who prepared the project before they arrived. After the team left, a crew of workers plastered the walls, built the charcoal stoves, and painted the building.

The engineer, Marckendy Geffrard, is pictured above holding the yellow hard hat. *He was once a sponsored child.* Today, he has his own building firm. He credits his success to being sponsored through Mission To Haiti.

Sponsorship continues to be one of the best ways you can help the Haitian people. For \$35 a month, you can transform the life of a needy child through sponsorship.

*Our next Mission Teams will be October 12 - 19 and October 19 - 26*

# Partnership In Missions

## Bringing The Gospel To Haiti

One of the best ways to reach children with the Gospel is through Vacation Bible School. The June Mission Team held two Bible Schools each day. Hundreds of children attended and many made decisions to accept Christ. Often, adult Christians tell us that the first time they ever heard the Gospel was in Bible School.

Jennifer Lewis lives in Rocky Point, North Carolina. Jennifer is a teacher. She loves children and the children love her. Jennifer was able to share the Gospel with the children through her love and concern for them.

When you support the work of Mission To Haiti, you make it possible for us to bring teams to tell boys and girls about Christ. Today's children will be tomorrow's leaders. Your prayers and support are greatly appreciated.

distributions are so important. With the operation of the new clinic, we are seeing the effect that poor nutrition has on children. For this reason, we are building new kitchens and working to see that every child eats well.

Haitian families are struggling. The need to help them is critical. You can make a donation to Food For Families on our website at [missiontohaiti.org](http://missiontohaiti.org)

*Dear Friends,*

*According to the U.S. State Department, Haiti is now the poorest country in the world. The needs are great. The opportunities are also great. We have been asked to work in two new communities. We want to do more, but we need your help.*

*I would like to take this opportunity to ask for your special financial support. We are ready to do more, but we need help. Please consider a mid-year gift for this important ministry. It will be greatly appreciated, and a great blessing.*

Most Sincerely, Bill Nealey, Sr.  
Director, Mission To Haiti

## Pray For August Team

A team of ten will be going to Haiti this month to lead a youth conference in the village of Cotin. Sixty young people, future church leaders, will attend the three-day meeting. The group will be staying at Cotin. Please pray for the team.
