share give their training purpose and meaning for the future.

We have two Vocational Schools at Beudet and Joineau. They are doing a great work, but they are under funded. We want to challenge you to join us in supporting these deserving young people.

Here is what they need:

1. Sponsors who will help them complete the three-year program for \$35 a month. We would like to hear from you by August 30.

2. \$2,000 to complete phase two of the New Vocational Center. Please contact us for more details. Thank you!

On Saturday, June 24, the Beudet Vocational School had its first graduation. Over a dozen young ladies completed their sewing program. These ladies are ready to work as seamstresses to make dresses, school uniforms and other outfits.

Pastor Evans Cadet (*upper right in the striped shirt*) along with his wife head the school. They teach young people how to sew and make clothes

so they can earn a living and gain financial independence. Most Haitians wear outfits and uniforms that are hand sewn making seamstress work a skill that is in demand.

Pastor Cadet and his wife use the ministry of the Vocational School to reach young people for Jesus Christ. When the classes meet, Pastor Cadet leads the group in hymns and Bible studies. The fellowship and camaraderie they

Bill Sr. Back To Work Founders' Challenge At \$21,785

From Bill Sr.

I want to thank everyone who prayed for me during my open heart surgery and recovery. Thank you for your cards and phone calls. They were very uplifting! As my body heals, I continue to improve in my health and stamina. The Lord has been good to me. It is because of His healing power that I am getting better day by day.

As you can see from this newsletter and the previous ones this year, the Lord is providing us with new opportunities to minister to children and reach them with the Gospel. We will continue to share with you these great opportunities and ask for new support to expand these ministries.

The heart of Mission To Haiti is Sponsorship. Everything we do is focused on helping children and young people in heart, mind and body. But the foundation of the work in Haiti is our Operational Expenses. Support for Operations will determine how effective we will be in everything else. Thank you to everyone who has given already! Our goal is \$110,000 by October 31. With God's help and your support, we can reach this goal!

Summer Gift For Your Sponsored Child

This summer, the sponsored children are busy getting ready for the new school year. Just like our kids back home, the sponsored children have to buy new clothes, shoes and uniforms because they are growing. They have to buy school supplies and materials that they and their families are responsible to provide each year. These items are expensive in Haiti and families struggle to buy them in time for the new school year.

A special gift of \$30 would be a tremendous blessing for your child at this time. We will convert it into Haitian money, deliver it to your child and get a photo of your child.

If you send your gift of \$30 soon, we will see that your child receives it in time for the beginning of school. Thank you for helping. It means the world to them!

Team Dates 2017-2018
