Who Is My Neighbor? Luke 10:29

The clinic crew was finishing for the day when Gueetelanda came in to see the doctor. The doctor and nurse were holding a clinic at the school. Gueetelanda had been feeling sick a few days earlier. Now her fever was getting high. The doctor examined her and said, "She needs to go to the hospital right now!!"

Gueetelanda's mother had died. She now lives with her grandmother in one of the bin houses the teams built in the community. She and her grandmother are blessed to have a safe place to live. Because Gueetelanda is sponsored, we are able to help her in a consistent way.

We loaded up and headed for the hospital. When we arrived four hours later, the evening crew was getting ready to begin their shift. Gueetelanda along with her grandmother were checked in and brought to a room. The nurses checked Gueetelanda's vital signs. Her temperature was well over 100 degrees. The doctor on call examined her and ordered tests.

Fevers are common in Haiti. They can be caused by simple ailments or by more serious ones like malaria. We appreciate the care that our clinic crew gives the children and the partnership we enjoy with Kings Hospital.

In Luke chapter 10, Jesus was asked the question, Who is my neighbor? He answered it by sharing the story of the Good Samaritan. *According to Jesus, our neighbor is someone who needs help and mercy. That describes the children of Haiti!*

When you give to Mission To Haiti and sponsor a child, you are showing mercy in a profound way. Sponsorship support gives us the means to help these children. Your special offerings give us the means to enlarge this ministry. Our clinic work needs to expand. There are hundreds of children in our communities who are waiting for the kind of help that Gueetelanda is receiving. *Sponsoring a child will make that happen!*

Sponsorship is \$35 a month. You can sponsor a child at www.missiontohaiti.org

Partnership In Missions

January Trip To Haiti

Ti-Fre Needs Our Help

Thank you for the special gifts you sent for Ti-Fre's retirement. So far, we have received \$1,075. *Ti-Fre and his wife need \$4,000 to settle into their new home.* They have moved from the mission campus and are staying with their sons. Your special gift for Ti-Fre will help them get settled and have extra funds for living expenses. Thank you!

Kees and his daughter Christi (*above*) came to Haiti in January to help us with the work on the field. They are from Ontario, Canada. This was Christi's first trip to Haiti. The children took to her like bees to a flower.

Kees helped Pino pour the tie beam and build the trusses on the new generator house for the clinic. Christi helped Chelsea collect updates on the sponsored children. Both of them were able to visit with their sponsored children!

Thank you for giving for the wells! Pino replaced the main water pump at the mission campus. We also repaired the community well at Cazeau. The well at Joineau will be repaired next. Your special gifts and faithful support help us move forward. Together, we can accomplish much!

Wells Being Repaired
