Pastor Brucely Needs Prostate Surgery

More than six years ago, Pastor Brucely began experiencing health issues related to his prostate. At the time, Dr. Bill Gray who was heading the medical teams was able to help Pastor Brucely. He identified medications that brought relief. Dr. Gray's advice and the medicines worked well.

Pastor Brucely Delma oversees the churches and sponsored schools at Ti-Goave and Delatte. Pastor Brucely told us that when we started working with him more than ten years ago, almost no one in these villages could read or write. His were the first schools in those areas. Today, because of your faithful support, it is hard to find a young person who cannot read and write! Sponsorship is transforming these villages by the power of Christian education and the preaching of the Gospel.

Young people are being raised up to become leaders. They are helping Pastor and Mrs. Brucely expand these ministries to the glory of God.

Recently, Pastor Brucely began experiencing more issues with his prostate. He visited a specialist at the hospital where his wife had successful surgery earlier this year. The doctor recommended that he needs surgery. But first, the doctor ordered Pastor Brucely to have a series of tests to confirm his condition. The medical tests can be taken at a large testing laboratory in Port au Prince.

The costs for the tests will be \$700.

From there, the doctor will decide how to proceed. If you can help with these tests, your help will be greatly appreciated. Please keep Pastor Brucely in your prayers. He is concerned about having surgery, but is willing to do whatever his doctor feels is necessary.

Thank you for your gifts for our Founders' Challenge Fund. We received \$26,120 this year. Your gracious support has allowed us to accomplish much in Haiti. As you give, we can do more to equip young people to serve.

\$25,000 Needed To Finish The Year

We are ready to finish the year, but we need your help. As 2018 comes to a close, we need \$25,000 in special offerings to address pending needs and balance our ministry accounts. A special offering from you at this time will be a great blessing! Satisfying these needs and balancing these accounts will allow us to begin 2019 at full strength. The Lord is opening new ministry opportunities for us. Your participation is vital in making these new opportunities possible!

Partnership In Missions

The Evening Of Vision A Great Success

We want to thank everyone who supported our Evening of Vision. We had 150 in attendance, many of them new to the event and the ministry. Through the event and the meetings leading up to it, we sponsored 26 children! Thank you for your support!

The FACCS Convention

The Florida Association of Christian Colleges and Schools (FACCS) had their annual convention in Orlando last month. They graciously invited Pastor and Mrs. Jean Claude Felix to attend. Pastor Jean Claude is the president of the newly formed Haitian association and he is also the Director of the Beudet school.

Pastor Tony Hammon of FACCS (*right*) is working with Pastor Jean Claude to give Christian educators the opportunity to train teachers in Haiti. We are preparing to have teams come to Haiti during spring break and summer of 2019. This is a great opportunity to get involved in enhancing our schools in Haiti.

Team Dates

Needs At Christmas Time

Remember to send your sponsored child a gift for Christmas! A money gift will be well received and gratefully appreciated by your child and their family. You can mail your gift or charge it from our website. Thank you for remembering your child at the holidays.

We received \$500 for Pastor Thervil in Port de Paix to buy a new large generator for the school, church and Gospel radio station. Thank you for your offerings. **Pastor Thervil still needs another \$2,500 to buy the new unit.** Your support will help secure this essential part of the ministry there. Your special gift at Christmas time means a lot. Thank you for giving so graciously.
