## A Present Help In Time Of Need

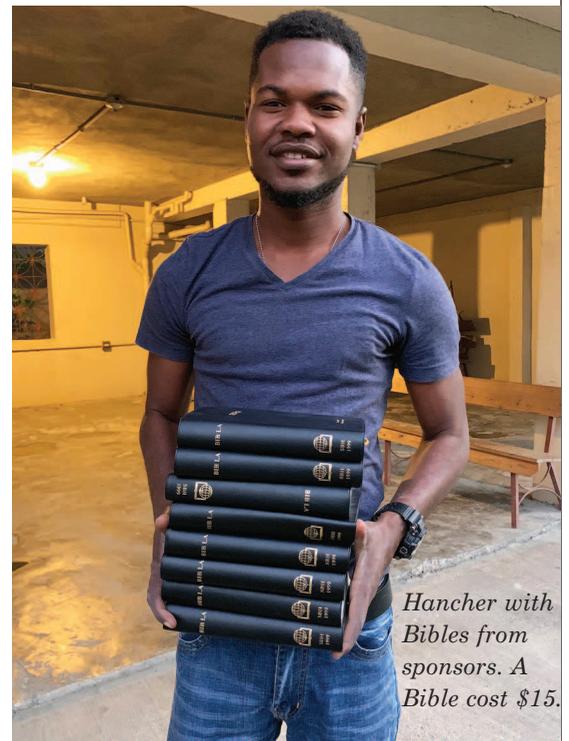

Another way you can help is to give your sponsored child a gift of rice and beans for their family. Pictured to the left is a girl who recently received rice and beans from her sponsor. *Can you imagine the expression on her mother's face when she got home and showed her mom what she got from her sponsor!* A family package of food cost \$25 and can be given from our website.

We have had children and family members saved in the schools and churches and even through the clinic. One of the most requested gifts is a Bible. *One of our supporters recently gave \$300 to buy Bibles. He challenged someone else to do the same.* Your support will have an eternal effect on the lives of the Haitian people. Thank you.

Haiti is still reeling from the demonstrations that happened in February. Businesses are open and schools are operating, but the Haitian people are still feeling the effects of the unrest.

The main thing most affected is the rising price of food. Most Haitian families try to eat one cooked meal a day. The heart of that meal is usually beans and rice. Right now, the increase in the price of food is making that difficult.

One way you can help families survive this difficult time is to give for special food distributions. It costs about \$4,000 to provide beans and rice to the families at one of our schools. Our desire is to distribute food at all 13 schools and 2 vocational schools where we serve. Giving food like this will help families immediately and be a tremendous encouragement to them.

*Hancher with Bibles from sponsors. A Bible cost \$15.*

*Happy Easter*

## 700 Hundred Pounds Of School Supplies

As we prepare this newsletter, we are getting ready to leave for Haiti with the March Team. The team will be bringing 14 duffel bags full of school supplies to give to teachers and students in Haiti. Each duffel bag weighs about 50 pounds.

Administrators and teachers from Florida Christian School in Miami are coming on the team. They plan to meet with teachers and offer ways they can improve their skills. We want our sponsored schools to offer the best Christian education possible for our children.

Thank you to everyone who helped provide these supplies. *Your faithful prayers and sponsorship support make this effort possible.*

## Jean Tony Passed Away

On Saturday, March 23, Jean Tony went home to be with the Lord. As a child, he had no family. From the age of 5, he was raised by André and Madam André who served faithfully in this ministry.

About ten years ago, Jean Tony was in a bad motorcycle accident. As a result, he lost his left leg. Despite his limitations he was faithful to the Lord. He accepted Christ and was active in church.

Most recently, Jean Tony went into the hospital. His health was declining as a result of his accident. He called Junior and Hancher and asked them to bring him home. There was nothing more the doctors could do. Jean Tony told them he did not want to die in the hospital. When he got home, the family laid him in his bed to rest. He then asked for his Bible. As soon as Jean Tony received it, he held it in his hands and passed away.

To God, every person matters. We are thankful for everyone that the Lord allows us to serve.
