Our Founders' Challenge: The Campus

1986

2019

In 1986, Pastor Michael Remy offered Mission To Haiti the opportunity to buy an open piece of property on the outskirts of Port au Prince. It was next to the Cazeau church and school where we had started to sponsor children. Our home church in Hialeah, Florida gave us the \$15,000 we needed to buy the land. We now had a permanent presence in Haiti.

Over the past 33 years, mission teams and supporters have helped us turn this open land into a center for ministry. Each year, multitudes of children and their families come to the mission campus to find help and to be a part of our program.

The Mission Campus is our headquarters for all the work we do in Haiti. It is the place children come to receive gifts and write their sponsors. Every week children come to the campus clinic to see Dr. Lens and Mirlaine our nurse. It is the location that everyone identifies with Mission To Haiti, and we are thankful for its significance.

It costs a lot to keep the campus open and reaching children for Christ year round. It involves maintenance, repairs, electricity and keeping our staff going. *It will cost \$50,000 to cover our Operating Expenses in Haiti for 2019. Your support is vital to meet these needs.*

We have received \$4,550 for Our Founders' Challenge. *We will need \$6,500 a month from now until December to meet our Operating Expenses in Haiti.* You can give on our website. Offerings large and small will help us meet these important expenses. Thank you for giving!

Partnership In Missions

Food Is Being Distributed, Much More Is Needed

We want to give beans and rice to all of the children and teachers in our sponsored schools. The food is for their families. Since the demonstrations earlier this year, the Haitian Gourdes has devalued and the cost of things like food has jumped.

Since January, the Haitian Gourdes has lost 12% of its buying power according to the exchange rates we have been getting. This makes food more expensive for Haitian families.

One way we can help is to have special food distributions at all the schools. We have distributed food at 3 schools. It costs \$4,000 to give family packages of beans and rice to a school. We have 11 schools to go. Your gift to Food For Families will bring relief at a difficult time and be a testimony of God's supply.

Update On Mirlaine

Mirlaine our nurse is doing well in her studies to become a Nurse Practitioner. She is working while going to school. Thank you to all who gave for her schooling. She plans to graduate in 2020.

Thanks For Your Faithful Sponsorship

The boy below is holding a Haitian flag he colored recently for Flag Day. Sponsored children are hearing the Gospel and learning vital lessons for their future. Your support is vital too. If you have questions about your sponsorship support, please contact us.
