- Ministry Description

We sponsor children to receive a Christian education. Our vision is to equip Haitians to change Haiti for Christ. We reach children and families with the Gospel of Jesus Christ through Christian education, vocational training, nutrition programs and medical care. Each of our 15 schools are connected with a local evangelical church. We have 13 classical schools and 2 vocational schools. In times of great need like a hurricane or unrest, we distribute food to families, install fresh water wells, provide special medical care and help with special needs. We do this for the purpose of meeting immediate needs, and using these opportunities to share the Gospel. We bring teams of volunteers to Haiti which provide support to our schools and churches through building projects, medical teams and Bible school teams.

- ServantMatch

Equipping Haitians to Change Haiti for Christ

We believe that sustainable, God-honoring change will come through the hands of the Haitian people. We give sponsors the opportunity to help children or young people receive a Christian education and vocational training. They also receive meals and medical care. It is the open door to bring children and families to a saving knowledge of Jesus Christ. Recently we hired Dr. Burgie Bellevue to serve in our clinic. She used to be a sponsored child! Your support makes a difference.

Providing Hand Washing Stations in Haiti

With the presence of COVID-19 cases in Haiti, our churches and schools have asked for help to prevent the spread of the coronavirus in the communities and villages where we serve. We have begun to buy and distribute hand washing stations so that people have access to sanitize water to keep themselves healthy and safe. We can provide a dozen hand washing stations for \$165.
