

## Getting Ready To Finish The Year

Sponsored girls ready to get their wellness checks at the clinic

### How You Can Help

In order to balance our accounts this year, we need your special help above your regular offerings by the end of the year. Here are the special offerings we need for each account:

Operating Budget

**\$5,000**

Founders' Challenge

**\$35,000**

Sponsorship

**\$40,000**

The end of the year is quickly approaching. We are working steadily to finish 2021 with all of our ministry accounts balanced.

As we prepared this newsletter, we went through our pictures showing what was accomplished since January. It was amazing to see the work that was achieved on the mission field because of your prayers and faithful support.

Since January, we helped to build 5 homes. We dug or repaired 5 wells. Our Vocational schools graduated 19 students. Hundreds of children were educated. They ate school meals and were cared for by our clinic. Food was given to 2000 families, and dozens of children got saved through the churches, schools and Bible club. And that's not all that was done.

Our Ministry Budget is divided into 3 areas: Operating Budget, Founders' Challenge and Sponsorship. These are the accounts we use to fund our ongoing ministries and to support our special projects. Everyone in Haiti depends on this support. We are careful to give it timely and consistently so the work can continue.

Your support this year has been great. Because of the difficulty that Haiti is experiencing, we have been called on to do more. We want to expand our reach in Haiti, but we need your prayers and support.

Please consider the year-end offering the Lord would have you give. Thank you for giving generously.

# Partnership In Missions

## Mrs. Remy Is Home With The Lord

**M**rs. Violette Remy went home to be with the Lord on October 12<sup>th</sup>. She was 81 years old. When Pastor Remy died last year, Mrs. Remy began living with their daughter Michelle at their home in Haiti.

Mrs. Remy was a stalwart servant of the Lord. When Pastor and Mrs. Remy planted the church in Cazeau years ago, Mrs. Remy started the school. It was known for its rigorous standards and strong Christian training. Cazeau is where we first began to sponsor children. Mrs. Remy will be greatly missed.

## Bill III And Filomaine Got Married

**B**ill Nealey III and Filomaine Dorè were married October 2<sup>nd</sup>. They first met while they were in college. They attended the same church and met through their college church leaders, James and Heather.

Filo's parents are Haitian, but she was born and raised in Florida. Because her mom only speaks Creole, Creole was Filo's first language. She made her first trip to Haiti two years ago on a mission team.

We are happy for Bill and Filo, and happy to have Filo as a part of our family. The Nealey family is forever connected to Haiti. *"For I know the plans I have for you," declares the Lord,..."* Jeremiah 29:11

## Updates From Haiti

### School Nutrition Funds Given To The Schools

We began giving the additional nutrition funds to the schools in October. We received the \$1,500 we needed for the first month, so we gave it. We will report on this further in our email updates.

We need your help to continue giving our 15 schools an extra \$1,500 a month for food. Thank you!

### School Book Funds Given To The Children

Because of the circumstances in Haiti, it has been very difficult for our principals to buy the school books at the company in town as they planned.

We decided to give your child your school book offering directly so they can buy the books locally. If we can get a photo, we will send that to you.
